

Received notice from my radio station K-LOVE regarding Low Power FM (LPFM) and what it would do to my station. K-LOVE services a vast majority of listeners, especially in the Christian community. They provide a VERY IMPORTANT service to our community, throughout the state of Ca, as well as other states. Thousands support K-LOVE and believe it to be a vital part of their lives and witness as well as a great impact on our community, our youth and our country.
